Golf Balls

Wilson® Profile™ golf balls offer a fresh approach to the confusing golf ball category. All three golf balls begin with an optimum blend of power and feel. We then amplify a single characteristic to meet the needs of the three most common player types.

Profile™ Power

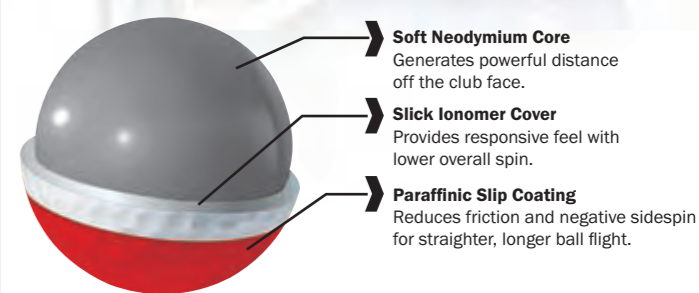

For some, it's to offset low club head speed. For others, it's to break the 300-yard barrier. The Profile Power amps the power coefficient to reach USGA restrictions for initial velocity.

PROFILE POWER				
Construction	Core	Cover	Distance	Spin
2-Piece	80	Dual Cover	Longest	Hop & Stop

Profile™ Anti-Slice

The most common - and frustrating - flight characteristic is the slice. The Profile Anti-Slice utilizes a proprietary paraffin cover coating to reduce friction and lower negative sidespin for straighter ball flight and greater distance.

PROFILE ANTI-SLICE				
Construction	Core	Cover	Distance	Spin
2-Piece	90	Ionomer	Long	Hit & Release
